Office of the Attorney General
Washington, D. C. 20530

June 1, 1977

Admiral Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Admiral Turner:

The Department of Justice is formulating a statement of antitrust policy on the energy sector of the economy. As a part of this effort, we are trying to make sure that we have all studies and reports on competition in the energy area which have been produced recently by or for the federal government.

Accordingly, I would appreciate it very much if you would forward to us a copy of each document your agency has which was produced in the last five years and which contains a significant analysis specifically focused on competition in energy markets, including petroleum, petroleum products, coal, natural gas, nuclear power, electricity, geothermal energy, and solar energy.

I have asked the Antitrust Division to make this a matter of the highest priority, and therefore I would appreciate your earliest response to this request.

Thank you for your assistance in this matter.

Sincerely,

Griffin B. Bell
Attorney General
